To,
Mr. Ezaz Hussain Mandal,
Software Developer,
Birla Soft(CK Birla).

Respected Sir,
Greetings from LORDS institute of engineering and technology.

LORDS Institute of Engineering and Technology established in the year 2002, is approved by all India Council for Technical Education (AICTE)-New Delhi, affiliated Osmania University -Hyderabad, accredited by NBA and recognized by Govt.of Telangana. It is the only Muslim Minority College which has been awarded A grade by NAAC in Telangana. The Institution is the only Muslim Minority Engineering Institution in Telangana and Andhra Pradesh with UGC Autonomous Status.

We would like to invite you as a speaker to address our students about "Growing trends in Technology". Your thoughts will enable our students to understand the importance of latest technologies and the applications in software development.

The date for the Inaugural will be on 05-06-2021 and the session will be begin at 03:00 pm. It has been a practice to arrange such webinars for the students.

Kindly communicate your acceptance at the earliest; this will enable us to prepare for a successfully conducting the webinar.

With warm regards,

A REPORT ON THE EVENT

Tech Talk - Alumni-Speak Online

The Department of CSE & Central Alumni, LIET conducted an Online Webinar on "Tech Talk - Alumni-Speak Online" on 05-06-2021 by Mr.Ezaz Hussain Mandal Software Developer, Birla Soft (CK Birla). The Objectives of the lecture was to provide Latest tools used in software development, Plan for career development, Why is coding important, Working environment of software industry & Road Map for getting placement in MNCs.. These knowledge-based activities are important for the students to enhance their skills, guide and prepare them for the industry competition and shape their careers to the best.

The Speaker Explained what are the plannings students must do when they are in second year. He has explained the different trends in the IT industry. The tool they are using while developing the projects. He told the students to learn latest technologies apart from curriculum like Data Visualization tool in Python, Machine learning and Artificial Intelligence courses. Finally he answered the queries posted by students on current technologies in an easy way.

DEPARTMENT OF MECHANICAL ENGINEERING

A REPORT ON THE EVENT

“HOW TO SURVIVE IN A WORKPLACE”

The department of Mechanical Engineering & Central Alumni, LIET -conducted an online webinar on “How to survive in a workplace” on 08-07-2021 by Mr Ataulla Nasrulla Khan is a Mechanical Engineer, Alumni of Department of Mechanical Engineering, Lords Institute of Engineering & Technology, Hyderabad. The objective of the lecture was to provide basic skills and techniques, behavior required to survive in a workplace.

Program: For this Webinar, registration link using Google ID and password was created. The link was circulated among all 3rd year students of mechanical engineering department. More than 58 Students have participated. At the beginning, Mr. R Suman, Assistant Professor, Mechanical Engineering Department and Central Alumni Coordinator, LIET Hyderabad, gave a welcome address to the participants and after the presentation Mr. K Prashant, Assistant Professor delivered the vote of thanks. From the WEBINAR, the participants had learned many things about how to survive in workplace and what are the skills they have to develop.

During this webinar, he shared the thoughts of his own experience in industry field as a Fire Protection System Engineer. He motivated the students in the way of how to improve skills to survive in workplace. He also shared few key points to the students like,

1. You need to fit into the organization,
2. **Keep yourself busy:** Sharpen your skills, explore hobbies, and expand your knowledge whenever possible.
3. **Work hard:** Keep your chin up, regardless of your position. You won't further your career if you're a bad sport! Make the best of every situation and stay focused.
4. **Network:** Schedule lunch dates with old friends, keep up with industry trends, read industry-driven magazines, attend industry functions, and talk to others in your chosen field. It really does help.

LORDS INSTITUTE OF ENGINEERING & TECHNOLOGY

Ph: 6309012442/43, Fax: 040-6625 3642, Website: www.lords.ac.in, Email: principal@lords.ac.in

5. **Further your education:** Keep up with certifications and take classes on the side. There's always a new skill to learn.
6. **Novel and adaptive thinking:** the same old, same old isn't going to help create long-term and unique solutions to problems.
7. **Design mindset:** this is not only developing cool products, but understanding your work processes and how to design them for maximum efficiency and minimum craziness.

DEPARTMENT OF CIVIL ENGINEERING

A REPORT ON THE EVENT

"Road works, Quantity Takeoff& its Rate Analysis"

The department of Civil Engineering and Central Alumni, LIET conducted an online webinar on "Road works, Quantity Takeoff& its Rate Analysis" by Mr. Nageshwar Rao is a Civil Engineer, Alumni of Department of Civil Engineering, Lords Institute of Engineering and Technology, Hyderabad. The objective of the lecture was to provide basic skills and techniques, behavior required for Road Works.

PROGRAM: For this webinar, registration link using Google ID and password was created. The link was circulated among all the students of civil engineering. More than 90 students have participated. At the beginning Dr. Anis Uddin, HOD Civil Department and Dean R&D gave a welcome address to the participants and after the presentation Miss Suheba Khatoon delivered the vote of thanks. From the webinar, the participants had learned about Road works.

During this webinar, he shared the thoughts of his own work experience in industry field as Commercial Manager. He motivated the students in the way to improve skills in Road works. He shared few key points to the students like:

1. **Technical Training:** The foundation for any career in engineering, especially the field of civil engineering, is an understanding and working knowledge of science.
2. **Mathematical Skills:** The principles of mathematics are applicable to the day-to-day duties and routines of civil engineers. To succeed as a civil engineer, engineering students need to have a thorough understanding of algebra, calculus, trigonometry, and geometry.
3. **Oral Communication Skills:** Another essential civil engineering skill includes oral communication. This entails being able to listen to clients, officials, team members, and other skilled workers to effectively grasp their concerns and requests.
4. **Written Communication Skills:** Civil engineers at every level need to be able to communicate in a clear and concise way via written reports and correspondence. Often, civil engineers communicate with other professionals of various backgrounds, such as architects, urban planners, regional planners, and other technicians and trades people.
5. **Organizational Skills:** One of the main duties of a licensed civil engineer is to monitor and evaluate the progress of work at a job site. This includes making sure staff are in compliance with design documents, project plans, and other rules and regulations. Licensed civil engineers are also the only ones who can sign design documents for infrastructure projects.
6. **Problem Solving:** Problem-solving is another vital civil engineering skill. During the different stages of a project, such as planning and construction, engineers encounter a number of variables that will influence the progress and outcome of a project.

Hyderabad

15/09/2021

To
The Principal,
Lords Institute of Engineering and Technology
Hyderabad.

Dear Sir,

Sub: Permission sought to Conduct Webinar Request & Regard.

We are planning to conduct Webinar on "Career Opportunities after Engineering" by Ms Kona Aparna, System Engineering Consultant, Deloitte, Hyderabad on 18/09/2021 for ECE Students from 11.00 AM to 12.30 PM at ECE Seminar Hall. Hence I request you permit us to conduct the same.

Thanking you

Yours Sincerely

(Dr. MD Jabirullah)

Department of Electronics and Communication Engineering

REPORT

Name of the Event: Webinar on "Career Opportunities after Engineering"

Name of the Department/Committee Organized: ECE

Resource Person : Ms Kona Aparna, System Engineering Consultant, Deloitte, Hyderabad

Date of the Event: 18.09.2021

No. of Participants: 80

Brief description of the Event : A one day Webinar on " Career Opportunities after Engineering" was organized at the ECE Seminar Hall on Saturday, 18th September 2021 from 11:00 AM to 12:30 PM at Lords Institute of Engineering and Technology. Dr Mohammed Jabirullah, Head of the Department, ECE and Mr R.Surender Reddy, Dept Alumni Coordinator welcomes the participants and introduced the program to all. The Webinar was graced by Ms. Kona Aparna, Alumni Student of ECE Dept of our College LIET. The Webinar was also graced by Dr. C.V.Narsimhulu, Principal, LIET and Mr Ramavath Suman, Central Alumni Coordinator who motivated us in conducting more such programs in the coming future. The Speaker Ms. Kona Aparna is presently working as a System Engineering Consultant at Deloitte Consulting India Pvt Ltd. She has over 6 Years of QA and IT experience in Quality testing and development of Mobile handsets and experience in developing and maintaining overall test methodologies and strategies. She worked as a Quality Analyst for 3 Years at Qualcomm before moving to Deloitte . She was associated with Design, implementation, testing of the modules owned and in conducting project risk identification and mitigation action planning.

The purpose of the webinar was to make our students aware of the Career Opportunities and Career Path Design and it was followed by a question answer session.

The following are the main topics covered in the Webinar:

- Career Path
- Ways for Career Path Design
- Personal Branding
- Self Introduction
