

LORDS INSTITUTE OF ENGINEERING & TECHNOLOGY

Approved by AICTE | Affiliated to Osmania University | Accredited 'A' grade by NAAC | Accredited by NBA

AWARENESS ON PROGRAM OUTCOMES AND COURSE OUTCOMES

In strict compliance with the objectives of Outcome Based Education (OBE), the Program Outcomes (POs), Program Specific Outcomes (PSOs) and Course Outcomes (COs) are framed by the departments offering the concerned program after rigorous consultation with all faculty and the stakeholders. After attainment of consensus, the same are widely propagated and publicized through various means such as display and/or communication specified here under.

- Website
- Curriculum / regulations books
- Classrooms
- Department Notice Boards
- Laboratories
- Student Induction Programs
- Meetings / Interactions with employers
- Parent Teachers meeting
- Faculty meetings
- Alumni meetings
- Professional Body meetings
- Library/Department Library

While addressing the students, the HODs create awareness on POs, PSOs and COs. The faculty members, class teachers, mentors, course coordinators, program coordinators also inform the students, create awareness and emphasize the need to attain the outcomes.

Program specific outcomes (PSOs) are the specific skill requirements and accomplishments to be fulfilled by the students at micro level and by the end of the program. The programme coordinators prepare the PSOs, usually two to four in number, in consultation with course coordinators along with Head of the Department and subject experts the same and approve it after endorsement by the Principal.

Program Outcomes (POs) are broad statements that describe the professional accomplishments which the program aims at, and these are to be attained by the students by the time they complete the program. POs incorporate many areas of inter-related knowledge, skills and personality traits that are to be acquired by the students during their graduation.

Course outcomes (COs) are direct statements that describe the essential and enduring disciplinary knowledge, abilities that students should possess and the depth of learning that is expected upon completion of a course and are clearly specified and communicated. The Course Outcomes are prepared by the course coordinator in consultation with concerned faculty members teaching the same course.

The POs/PSOs of the programme are published through electronic media at individual Department site located on the college website <http://www.lords.ac.in/>. The COs of the courses are also published through electronic media at the Department site located on the college website: <http://www.lords.ac.in/>. In all the interactions with the students, awareness on POs, PSOs and COs is consciously promoted.

The College has clearly stated learning outcomes. The students and the staff are made aware of these through the College Website of the Institution and Affiliated University.

Program outcomes specified by NAAC and NBA were taken. Each program specifies 2-4 PSOs.

Each Faculty writes their Course outcomes after the course allotment at the beginning of the semester.

All POs, PSOs are available on the website at each department page:

VISION
To emerge as a centre of excellence by imparting quality technical education through innovation, team work & value creation, and to contribute to advancement of knowledge in the field of Computer Science & Engineering.

Vision and Mission of Department

LORDS INSTITUTE OF ENGINEERING AND TECHNOLOGY
Survey No. 32, Near Police Academy Junction, Himayatsagar,
Hyderabad, Telangana 500091

VISION
Lords Institute of Engineering and Technology strives continuously for excellence in professional education through quality, innovation and teamwork and to emerge as a premier institute in the state and across the nation.

MISSION
To impart quality professional education that meets the needs of present and emerging technological world. To strive for student achievement and success, preparing them for life, career and leadership.
To provide a scholarly and vibrant learning environment that enables faculty, staff and students to achieve personal and professional growth.
To contribute to advancement of knowledge, in both fundamental and applied areas of engineering and technology.
To forge mutually beneficial relationships with government organizations, industries, society and the alumni.

The Mission and Vision of the CSE Department

Vision:
To emerge as a centre of excellence by imparting quality technical education through innovation, team work & value creation, and to contribute to advancement of knowledge in the field of Computer Science & Engineering.

Mission:
DM1: Providing the students with in-depth understanding of fundamentals and practical training related to professional skills, problem solving skills and their applications through effective Teaching-Learning Process and State of the art laboratories
DM2: Preparing students in developing research, design, entrepreneurial skills and employability capabilities
DM3: Providing consultancy services and promoting Industry-Department Interactions
